1. TERMS AND DEFINITIONS

1.1. Terms used in this Policy are interpreted in accordance with the following definitions:

1.1.1. Cookies are any data fragment sent to a browser from a website you used. They are intended to store general information about your preferences and help to adjust certain settings of a website to your day-to-day user needs.

1.1.2. Personal Data is any information directly or indirectly related to a Personal Data Subject. In accordance with GDPR, Personal Data of a Personal Data Subject shall be:

- full name;
- date and place of birth;
- address of permanent and temporary residence;
- mobile phone number;
- information about family and social status;
- information about education, profession and occupied position;
- information about income and financial situation;
- biometric data;
- cookies (along with other Personal Data), etc.

1.1.3. Personal Data Subject is any natural person, whose Personal Data is to be processed.

2. PURPOSES OF USING COOKIES

2.1. Cookies are collected in order to:

- optimize the operation of the official website of the Research Center;
- save settings and session data for further use of the official website of the Research Center;
- analyze the use of functionality of the official website of the Research Center by you;
- select preferred offers/news;
- provide updates, special offers, information, newsletters and other data;
- monitor your behavior in the framework of functionality of the official website of the Research Center.

2.2. All collected Cookies are used for specific above-mentioned purposes and only to the extent necessary for the complete functioning of the official website of the Research Center.

2.3. Information gathered from Cookies is used to evaluate the effectiveness of the official website of the Research Center, analyze tendencies, identify issues that can arise when you access the official website of the Research Center and supervise the platform. The Research Center needs this information to improve the quality of its official website.

2.4. Cookies are usually stored on the hard drive of your device you access the official website of the Research Center from and help the Research Center to identify the correct device among others. The Research Center can also use the providers, who will place Cookies on the hard drive of your device, and obtain information providing data on what pages of the official website of the Research Center you use.

3. COOKIES

3.1. Cookies of the official website of the Research Center register the following types of data:

Category 1: Analytical Cookies

Cookies from category 1 collect information about the use of functionality of the official website of the Research Center by you, i.e. which pages you browse most of all, and whether you receive error messages on pages of the official website of the Research Center. These Cookies do not collect data that directly identifies you. All information collected by these Cookies is grouped, which results in its anonymity. Such information is used only for improving the functioning of the official website of the Research Center. Cookies from category 1 collect information about the use of functionality of the official website of the Research Center in your interests and in the interests of the Research Center. By using the functionality of the official website of the Research Center, you confirm that placing such Cookies on your device is possible.

Category 2: Functional Cookies

Cookies from category 2 allow the official website of the Research Center to memorize the answers you select (i.e. your name, language or region where you are located) and to provide additional opportunities in accordance with your individual preferences and needs. These Cookies can be used to memorize the changes made by the Customer and/or the Internet User that had to do with text size, fonts used and other changeable parameters of the official website of the Research Center. The information collected by these Cookies can be anonymous, and these Cookies cannot track your activity on other websites.

By using the functionality of the official website of the Research Center to set personal settings, you confirm that the official website of the Research Center can place such Cookies on your device to memorize preferences.

Category 3: Advertising Cookies

Cookies from category 3 are used to display advertisements, which correspond to your interests and needs the most based on the analysis of your online movements. They are also used to limit the number of ads shown and to help the Research Center evaluate the effectiveness of its advertising campaign.

4. SETTING PARAMETERS OF COOKIES

4.1. You can turn off Cookies at any time: at the beginning of using the functionality of the official website of the Research Center or after giving the initial consent to using Cookies. To limit or exclude the use of Cookies, as well as to delete Cookies that have already been set up onto the device, all you need to do is change the settings of the browser that is being used. By doing so, you may be unable to use certain features of the official website of the Research Center.
